

Law Enforcement Inquiry and Entry

No more memorizing codes! LEWeb is user friendly and provides access to local, state and federal law enforcement records available to your agency from REJIS. Dropdown menus and fill-in-the-field box feature allows for fast and simple record entry and review. Automatically populated hit confirmations, wanted and arrest records make entry easier than ever before.

Benefits and Features

REJIS is a local government agency created to “serve the public interest through delivering quality, cost-effective technology services to the justice community and to government and quasi-government agencies.” REJIS’ primary focus is to provide record management services to law enforcement, courts, and corrections agencies at the local, state and federal levels. This includes interfaces to the Missouri State Highway Patrol’s MULES system, the National Crime Information Center (NCIC), and the NLETS network. REJIS was founded in 1975 under a cooperative agreement between St. Louis County and the City of St. Louis. Our customers are primarily concentrated in the metropolitan St. Louis and southwestern Illinois areas.

REJIS services include:

- Development of custom applications
- Installation and support of custom and commercially available software
- Custom interfaces
- IT Support Service
- Data center outsourcing
- Network, training and help desk support.

REJIS has approximately 140 employees located at three sites. Most of the staff and equipment is based at the REJIS building, in the Central West End of St. Louis.

For additional information on REJIS services, contact your REJIS Client Services Representative or the REJIS Help Desk (314-535-9497 or 1-888-923-7255).

03/2008

- Provides access to:
 - Vehicle Records
